FEATURES & FUNCTIONS

- 1. Extremely impact-resistant thanks to extra-thick walls built for the toughest conditions
- Sealed lid for maximum protection against the ingress of dust, water, and moisture
- 3. Automatic pressure equalization valve prevents vacuum formation and protects the contents from air pressure changes
- 4. Thermally stable even when exposed to extreme temperatures
- 5. Easy-open, two-stage snap closures for maximum security
- Corrosion-resistant nylon pins for long-lasting durability
- 7. Padlock eyelets for added security during transport
- Sturdy full-length hinge for enhanced structural integrity
- 9. Wide range of interior options available including custom foam materials, pick-and-pluck foam, convoluted foam, or divider systems for flexible organization
- 10. Branding options available via printing or labeling
